25 YEAR RE-REVIEW

OFFICE OF THE DIRECTOR

Mr. Allen W. Dulles

STAT

Dear Mr. Dulles:

At the meeting last October of the Advisory Council of the Woodrow Wilson School we raised with you the question of whether the CIA might be able to provide a summer internship for any of our graduate students for the summer between their first and second years. If my memory serves me well, you replied that it might be possible for such an arrangement to be made provided there was good reason for believing that the student was seriously interested, upon graduation, in making a career of intelligence work.

This year, for the first time as far as I can recall, we have two men who hope to make a career in intelligence work. The purpose of this letter is to inquire whether there is a possibility of CIA's providing them with an internship for the coming summer, and, if so, to whom they should address themselves for purposes of arranging an interview. I am writing to you directly because the recruiter for your agency in this area, [redacted] left us with the impression some months ago that summer internships were not a normal thing for your agency. STAT

The two men in question are [redacted] and [redacted] A brief biographical sketch of each is given on the attached sheet. STAT

I very much hope it will be possible for an arrangement to be worked out so that these men could work this coming summer in CIA. We will greatly appreciate any help you can give us.

Very sincerely yours,

Gardner Patterson
